

1. Control electronic L-LAS-TB-6-CON1-2x for two pairs of L-LAS-TB/90-6x1-T/R

On the control electronic type **L-LAS-TB-6-CON1-2x** there can be connected two laser line sensors type **L-LAS-TB/90-6x1-T/R**. Thus, position control, inclination control, diameter measurement, length measurement even from large objects can be realized.

L-LAS-TB90-6x1-T

L-LAS-TB90-6x1-R
